**Hawai`i Bowel,
Ostomy and Bladder
Support
(BOBS) Connect**

*Do you or someone you
know have, going to have or
had an ostomy, urinary or
bowel/intestinal condition?*

The goal of Hawaii Bowel, Ostomy, Bladder Support (BOBS) Connect is to serve as a local support group to assist patients and parents/families of individuals from all age groups (infancy, childhood, adolescence, young adult-hood, and adulthood) who had, have, or will be having an (incontinent or continent) bowel or intestinal/bladder diversion/condition. .

- 11/13 "Preparing for the Holidays"

Our health care providers help with the physical aspects of care but, there are emotional, social and psychological, as well as developmental challenges that can occur. There may be a need that arises to talk to someone who's "been there, done that" and understands. We are a resource for those who would like to "network" or need more information and want to learn ways to adjust with this temporary or permanent change in lifestyle.

**Come and join us! You will love
the experience!**
